Foreword

We the Echo staff, now give to you our Echo, a record of events and happenings that have taken place this past year.

There are times of happiness, times of sadness, times of victory, times of defeat and most of all times of memories.

Now the 1969 Echo is yours to treasure.

MILAN GJURICH

Echo Dedication 69

Sports are a unifying factor in any high school. In B.V.H.S., the sports scene has instilled the student body with enthusiasm and, above all, genuine pride. We feel that it is now time to honor that person whose dedication to his boys has inspired countless victories. All those who have been coached by him have acquired high ideals of sportsmanship and the understanding of true victory.

We, the class of 1969, in appreciation of his contributions to our class, do dedicate this Echo to our coach, Milan "Champ" Gjurich.

Principal's Message

The ideal most valued by Americans today is independence. Independence gives him the right to think and act without interference from outside influences. The ultimate end of education at the Blacklick Valley High School is instilling a sense of responsibility into our graduates whereby he can become a beneficial member of the society of which he is a member.

The intrinsic element of the curriculum at Blacklick Valley High School received the emphasis that it did, because it would eventually prove to be a guiding element in both society and in personal affairs in the world beyond the high school environment.

In one sense the class of 1969 marks an end to an era of education in the Blacklick Valley School District, the physical plant shall have changed completely; but the philosophy and ideals will remain the same.

MR. JOSEPH GATES

Mr. Gates,

Although you have been gone for only a short time, we, your students have felt a great personal loss.

Social studies is still being taught at Blacklick Valley High but it lacks the flair of your style that will always remain with us.

In this day and age, it seems to be the prevalent feeling among young people not to trust anyone in authority. However, we more than trusted you, we believed in you.

We all know that, in death, you represent still the kind of man you were in life — stern and demanding, but always kind and understanding, possessing a sense of awareness about the many difficulties of being a student. You never "pushed" us too hard, but made us excel in the many facets of Social Studies which we covered in our short time together this year.

We will never forget the things you have done for us these years, and we feel sure that we will meet with you again. You taught us not only text book materials, but also the true values of life and liberty, and for this, we are deeply indebted to you. You were an excellent teacher, but more than that — Mr. Gates — you were an excellent man.
